MOTORISED METROPOLE

38mm Metropole in antique bronze with Ellipse finials. Wall fitted with Fillet brackets. Wave curtain using Oscurante.

Metropole – motorised

A new era in motorised curtain poles. Motorised Metropole combines the visual elegance of a decorative curtain pole with the performance of advanced motorisation for smooth, silent and powerful operation.

The elegant 38mm profile is available in 13 colours and complemented by a collection of endcaps and finials to suit both contemporary and traditional interiors.

Choose from a range of intuitive control options, including wall switches, handsets, app, and smart home integration.
